The following information is provided pursuant to the requirements of NRS 233B.0603:

1. Purpose and need for the proposed regulation  
To comply with the Division's statutory duty to ensure the effectiveness of NRS 645A and to conform with and implement revisions made to the law governing the licensing and regulation of escrow agencies and escrow agents as enacted by Assembly Bill 480 of the 2015 Session of the Nevada Legislature ("AB 480"), thereby adding to and revising various provisions of the NAC governing the licensing and regulation of escrow agencies and escrow agents.
2. Description of proposed regulation and the manner in which approved or revised text of the proposed regulation prepared by the Legislative Counsel Bureau ("LCB") may be obtained  
Authority: NRS 645A.050(2).

Regulations proposed for adoption and amendment are stated in the attached Proposed Regulation of the Commissioner of Mortgage Lending, LCB File No. R070-16. The proposed regulations are those which include measures to:

- Implement the requirement of NRS 645A.195 to define and establish standards for a designated qualified employee;
- Classify certain background records or reports, and information obtained during the course of an examination or investigation, as confidential;
- Establish a procedure for closure of a principal office or branch office and return of original license;
- Implement a semi-annual activity report of a licensee's operations;
- Allow the option to obtain either online or live instruction for obtaining licensure and to provide more flexibility for the approval of education providers, instructors and course topics;
- Amend the requirements for submission of annual financial statements; and
- Revise the standard of proof for hearings conducted pursuant to Chapter 645A of the Nevada Revised Statutes or Nevada Administrative Code.

Access to the approved or revised text of the proposed regulations prepared by the LCB pursuant to NRS 233B.063, may be obtained by visiting the website of the Nevada Legislature at <http://www.leg.state.nv.us>, hovering over the term "Law Library," hovering over the term "Nevada Register," clicking upon the term "Browse," and then clicking upon the term "Numerical Index" appearing under the category "2016 Regulations." Access may then be obtained by simply scrolling down the list of LCB File Numbers to seek "R070-16" or by performing a "search" function specifying LCB File Number R070-16 and clicking upon the item(s).

3. Statement of estimated economic effect of the proposed regulation on the business of mortgage brokers and mortgage agents and upon the public

The Division does not foresee any adverse effects of the proposed regulation (whether immediate or long term) to either the business of escrow agencies / escrow agents or to the public.

The Commissioner has determined that the proposed regulation does not have an adverse economic impact on small business. As structured, the revised regulations lessen the financial burden on small business by eliminating the submission of audited financial statements from certain licensees and expands the reviewed financial statement requirement to all licensees, with the addition of the submission of semi-annual activity reports to assist in ensuring compliance and providing appropriate supervision to protect consumers. The proposed regulation further amends educational requirements to provide more flexibility for the approval of education providers, instructors, and course topics (allowing for online instruction) and provides for waivers of requirements for education providers or instructors under certain circumstances.

The Division anticipates that both the immediate and long-term beneficial effects of the proposed regulation will protect the health and welfare of Nevadans without unnecessarily burdening business activity.

4. Statement identifying the methodology used by the Division in determining the impact of the proposed regulation upon a small business

Through e-mail notification to its current licensees and pending applicants for licensure under NRS 645A, the Division sent a copy of the proposed regulation and solicited comments on whether the proposed revisions to NAC 645A would have any direct and significant impact on a small business, or would otherwise restrict the formation, operation, or expansion of a small business. The e-mail, as directed to 19 such recipients, was additionally posted on the Division's website, the State's official website, and at the Division's offices. In addition, the Division reached out on several occasions, including e-mail transmissions to stakeholders, to solicit comments and suggestions with regard to the revisions which resulted from the statutory amendments made by AB 480. Following a conducted workshop and consideration of the one comment received with respect to the revised reporting requirements, and the comments and concerns expressed by stakeholders, the Commissioner determined that the proposed regulation does not impose a significant and direct burden upon a small business or restrict the formation, operation, or expansion of a small business.

5. The estimated cost to the agency for enforcement of the proposed regulation

The Division does not anticipate incurring additional costs for the implementation and enforcement of the proposed regulation.

6. Overlap or duplication with other state, local governmental or federal agencies

Not applicable.

7. Existence of federal-law requirement for proposed regulation or whether proposed regulation includes more stringent provisions than required by federal regulation governing same activity

None known at the time of this posting.

8. Establishment of new fee or increase to existing fee

The proposed regulation does not provide for a new fee or an increase to any existing fee.
